
Jacaranda Software

a division of Jacaranda Wiley Ltd
P.O. Box 1226, Milton, 4064

IMPORTANT
Please read this immediately.

1. If a disk or cassette we have sent you is found to be defective within a period of thirty (30) days after you receive it, the disk or cassette should be returned and it will be replaced at no charge. However, we cannot offer free replacement of disks or cassettes damaged or erased through negligent use or normal wear and tear, or lost while in your possession.

2. You are authorised to use this software only on a microcomputer located within your own school or educational institution.* The disk or cassette may not be lent, resold or hired out to any other person or institution unless permission in writing has first been obtained from Jacaranda Wiley Ltd.

3. Jacaranda Software is protected under Australian copyright law. However, an educational institution* may make a back-up copy of a disk or cassette for use within that institution only. Permission must be sought from the publisher for the making of more than one copy.

4. Officers in charge of teacher resource centres are reminded that it is their responsibility to make clear to borrowers of computer software that the loan is for the purpose of teacher review only and not for classroom use, and that copying is forbidden.

5. You must not prepare derivative works (an alternative version or format) based on the software supplied.

6. **Copying of disks or cassettes while supplied on approval constitutes a serious obstacle to continuing software production and, therefore, is not permitted under any circumstances.** Jacaranda Wiley Ltd, in its commitment to furthering the development of Australian-originated, high-quality school software, will not hesitate to protect the author's and publisher's rights.

*As defined in the 1980 amendments to the Australian Copyright Act.
